- Books can be renewed for another term if there is no demand on them.
- Books issued by the library should not be taken out station.
- Reference books shall be issued for duration not more than 24 hours.
- If a book is not available for issue, members can reserve it.
- **Materials that cannot be issued**
 - Library Resources like reference books, periodicals, bound volumes, standards, should be referred within library premises.
 - Bound volumes of age less than 3 years are to be referred within the library.
- Loss or Mutilation of documents by Students / faculty
 - If a book is lost or mutilated beyond usable condition, then the book has to be replaced with the same or latest edition of that book by the user.
 - If the book is out of print, then three times the cost of the book has to be paid to the library.
 - The library account has to be cleared within two weeks.

7. Weeding/Discarding/ Repairing

The process of withdrawing documents from the shelves for transferring them to storage or discarding them permanently is defined as weeding. It is an important activity for the following reasons:

- To allow space for new materials

- To ensure easier access to collection
- A sub- committee should be appointed for this task. Library should write off/ weed out library materials such as outdated, worn-out and/or seriously damaged or mutilated books and other materials. The sub-committee formed must give a 15-day time period prior to weeding / discarding of above mentioned books/materials.
- The following categories of materials can be considered for weeding out:
 - Mutilated, brittle, pest-infected documents
 - Multiple copies of documents
 - Older outdated edition
 - Poor content
 - Documents on a subject not relevant to the programmes of the institute
- Ephemeral material (e.g. newsletters, progress reports, pamphlets, newspapers/magazines etc.) including those materials that lose value after a certain period of time such as: annual reports, directories, yearbooks, etc. These are weeded out annually.
- Library should repair normal damaged books at the library whereas those which require major repair should be send outside.

8. Stock Verification and Shelf Rectification Policy

- Physical verification of the library stocks has to be carried out to identify the losses, identifying misplaced and/or mutilated documents that need repair, or to weed out from the library collection.
- The verification has to be carried out by a team of members appointed by the Library Committee and the library staff will assist the verification team.
- This would be done annually by the library administration. If the number of books is below 20,000 the verification is to be done every year, and if it exceeds 20,000 then verification is to be done once in three years. Sample physical verification at intervals of not more than five years may be done in the case of library having more than 50,000 volumes.

Write off/Loss of Books

- Books are vulnerable to physical handling and environmental conditions. Hence, mutilation, wear and tear of books by heavy use is a common occurrence in libraries.
- Some loss of publications is inevitable especially in the context of open access practice in libraries. The librarian and library staff has a role as information manager and facilitator and not just a custodian. It's the responsibility of entire library team in the library. Therefore, librarian alone should not be held responsible for the losses, unless it is attributed to dishonesty and gross negligence.

- Loss of ten volumes per 1000 volumes consulted/circulated on loan in a year may be taken as permanent value /un-service able and it may be considered for write off.
- if the loss of book is more than the permissible extent, the causes of such loss may be investigated by the competent authority and the remedial measures be strengthened.
- There may be no objection to the Librarian, after due approval, in disposing of mutilated/ damaged/ obsolete volumes to the best interest of the library. However, the disposal of such volumes should be made on the recommendations of a Library Advisory Committee to be appointed by the competent authority which shall decide whether the books

Procedure for write-off

- List the documents not found during stock verification
- Library staff to make all possible efforts to locate the document not found during stock verification
- Prepare pre-final list of the documents not found and publicize/circulate among the committee.
- Compile a final list of documents not found
- Compare with the list of earlier stock verification to identify common entries
- Put up the list of common entries to the Vice-Chancellor along with justification for the losses (open access, limited staff, inadequate security system, large number of students visiting library, losses within permissible limits, etc.)
- Get approval from the Library Committee
- Issue official memo
- Make necessary entries in the accession register, write-of register, assets register etc.
- Remove records from databases
- Close file

11. Library Automation

- Library Portal should be made available on Indus website.
- Online Catalogue should be made available to see the availability of library resources and status of library account
- Users should be automatically intimated about overdue books through e-mail. Flexibility should be provided to reserve/renew the books online.

- Library should have good integrated library automation software like SOUL / KOHA for giving global level services to its users. It should be compatible with high technology and more user-friendly.

12. Library and Information Services & Facilities:

- **Circulation Service:**

The circulation section is the nerve center of the library. It provides an opportunity for the library staff to come in direct contact with readers. The circulation section is responsible for the following items of the work:

- Sending reminders for overdue books
- Realization of overdue charges and maintaining the account
- Reservation of Books
- Maintaining the circulation statistics.

- **Book-Bank Facilities:**

With the bit of distance between semesters, services given to the users are not sufficient in general circulation. As a solution to that library may provide book bank scheme, books extra service on demand by the students.

- **Newspapers Clipping**

The library is subscribing number of newspapers. Every day the newspapers are containing very important news in special edition on various subjects which are very useful to the readers. Depending on the usefulness of the information available in the newspaper, it may be cut/photocopied and arranged subject wise and kept in the library files for the use of readers.

- **Reference Service/Referral Service**

The librarian tries to assist the reader in finding the book or information which he wants. The librarian should make them available to the readers in the prominent place in the library. Reference service is now generally acknowledged as most important duty of the librarian. In case of information is not available in the library; the users may be directed to visit other libraries where the information is available. This is called referral service.

- **Inter-Library Loan**

Inter-Library Loan facility should be established for getting reprints/books not available in library. Library should be linkage to other network e.g. ADINET/DELNET/INFLIBENT etc.

- **OPAC-Online Public Access Catalogue**

Online Public Access Catalogue is a catalogue consisting of a collection of bibliographic records in machine readable form maintained on a dedicated computer that provides uninterrupted interactive access via terminals or work stations in direct, continuous communication with the central computer. Most OPACs are searchable by author, title, subject headings and key words.

- **Photocopy/ Printing facility.**

Any reference from books/periodicals of the library if needed by the faculty members and the students found to be important can get it photocopying without spending their valuable time outside at a nominal cost. Print out from e-resources can also be provided if required.

- **Faculty and student orientation**

Library shall be carried out once in a year, which shall be during the commencement of the semester and as a part of the student/faculty orientation.

- **New Arrivals**

Display of new books would enable library users to catch up on new trends. They can familiarize themselves with latest developments in their interested field. As and when the library purchases new titles need to be displayed in the "New arrival Stand" and sent email for the benefit of users.

- **Library Exhibition**

Library shall be held once in a year wherein publishers are invited to display/sell at concessional rates, their recent editions.
