

# **RULE BOOK FOR**

## **AERO TRIVIA**

### 1. Event Overview

Aero Trivia is a fun and competitive event designed to test participants' knowledge of aviation and aerospace through a series of quizzes and puzzles. The event consists of multiple rounds, each with unique challenges that assess technical knowledge, problem-solving skills, and logical thinking.

### 2. Eligibility

- Open to all students interested in aviation and aerospace.
- Participants can compete in teams of up to 4 members.
- Only registered participants are allowed to compete.

### 3. Event Format

The event consists of multiple rounds, including quizzes, puzzles, and problem-solving challenges related to aviation and aerospace. The number and format of rounds will be decided based on participation levels and competition structure. Some possible types of rounds include:

- General Quiz, Puzzles, Rapid fire etc.

### 4. Scoring Criteria

- Points will be awarded based on accuracy and completion of each challenge.
- The specific scoring system will be announced before the competition begins.
- In case of a tie, a tiebreaker round will be conducted.

### 5. General Rules

- Participants must be present at the venue on time.
- Use of mobile phones, books, or any external help is strictly prohibited.
- Decisions made by the judges and event coordinators are final.
- Any unfair practices will lead to immediate disqualification.

### 6. Awards & Recognition

- Winner: Highest overall score.
- Runner-up: Second highest score.
