## **(Talk Show)**

### **1. Tune n Talk**

The room will be decorated with pictures on the walls, and music will be played. Students will walk around the room, moving from one picture to another, while the music is playing. They should observe the pictures but continue walking until the music stops. When the music stops, students must find a picture to stand by, but only if it is unoccupied, as each picture can only have one person. Once they've chosen a picture, they should take a moment to imagine themselves as the person in the scene. After one minute of reflection, students will be encouraged to create a story based on their thoughts and share it with the group.
