Besides the MBA programme, which is a part of Indus since the year 2007, the institute offers doctoral research (Ph.D), entrepreneurship programmes, five year dual degree programme (BBA+MBA), four years Integrated MBA, three year B.Com(Hons.) and other short term certification courses.

About GST

Goods & Services Tax (GST) is a comprehensive indirect tax levied on goods as well as services at the national level. GST is a consumption based tax levied on the basis of "Destination principle". It is an inclusive tax regime, to be collected on value-added at each stage of the supply chain, with taxes on inputs credited against taxes on output. Its main objective is to consolidate multiple indirect tax levies into a single tax regime and eliminate the cascading effect.

The GST domain includes varied concepts from registration, payment, returns, refunds, classification and valuation, place and time of supply, input/output credit, and compliance system along with various other new concepts. GST is a proactive step towards a vivid opportunity for the country.

Overview of GST :

GST has an impact on each and every industry & business in India. In Education and Training Industry, India holds an important place in the global education industry. The country has more than 1.4 million schools with over 227 million students enrolled and more than 36,000 higher education institutes. India has one of the largest higher education systems in the world. However, there is still a lot of potential for further development in the education system. India has become the second largest market for e-learning after the US.

Learning about Goods and Services Tax (GST) will enable the commerce students and the business community to ease interaction with GST authorities. Especially For the students it will provide the scope for self-employment as well as for getting good jobs in the competitive market thus the course titled "Goods and Service Tax" has been designed which covers the fundamental aspects of GST and practical issues related to collection and levy of tax. This course is relevant for students who are studying business (commerce and management) subject and will be helpful in advancement of their career.

The proposed course will help develop an insight on GST. The lecture will provide the students with knowledge and skills to describe and explain the application of Goods and Services Tax in business practices.
